**Definitions**
WORM: Asset Monitoring Software which captures System Configuration details and uploads to a centralized server.
ERA: e Learning Revolution for All(ERA) is an evidence-based learning framework where IT training programme for teachers is conducted.
**e Content:**
1) Inform Type: Multimedia Content / e Content based on Subjects such as Science, Mathematics and Social Science installed in K-YAN, Desktop, all nodes. The contents can be studied in offline mode
2) Perform type : Evaluative Questions with Answers through Peer Assessment System based on Continuous Comprehensive Assessment where each subject contains 100 objective multiple choice questions per chapter. As there are group of four students per computer, each student gets one question and the answer gets confirmation from the other three. The answer is shown with feedback at the end of submission of answer by the last student. The next question is asked to the second student and the answer provided gets confirmed by the other three and so on.
